SOLUTION

(by Ata Gurpinar)

Each athlete can be matched with one of the four locations (of equal length), overlapping at exactly one position (in bold):

JAMIE**L**IVER
FUNERAL**H**OME

MARTH**A**STEWART
FOR**B**IDDENCITY

PRINCES**S**TIANA
CHARIT**S**SCHOOL

SWED**I**SHCHEF
MIDDLE**E**ARTH

(As an added bonus / vestige of earlier versions of the puzzle, each athlete's answer, although a different length, also matches on the same letter at the same index: the sixth letter of TOWNHALL is L; the third letter of FORCEFUL is R; the eighth letter of DEMIGODS is S; the fourth letter of HANDSPRING is D.)

Each of the nine snacks can then be lined up against the answer from the athlete that matches the snack's location. The snack and puzzle answer overlap in exactly one place, and that letter can be extracted. In order of the snacks provided, the extracted letters spell the solution: HOME PLATE.
